OMG, Why My Feet Look Different?”***

***Thursday, February 24, 2022  
6:45am - 7:45am EST***

***Massachusetts General Hospital  
via Zoom***

**Fernando Raduan, MD** was born and raised in São Paulo, Brazil. He earned his MD degree in 2000 from Universidade de Santo Amaro. After completing his Orthopaedic Residency at the Universidade Federal de São Paulo in 2003, Dr Raduan did two fellowships there, a Sports Medicine Fellowship (2004) and a Foot and Ankle Fellowship (2006).

He was a faculty member of the Orthopedic Department at the Federal University of São Paulo for 15 years before becoming the Head of the Foot and Ankle Group in the Sports Medicine Division., and then three years later, he was appointed Head of the Foot and Ankle Group in the Orthopedics Department from 2014-2016.

Dr Raduan's career always related to both, sports medicine and foot and ankle. He was the Head Physician of the Brazilian Beach Soccer National Team, and other professional basketball and water polo teams.

He is an International member of AOFAS, ESSKA, and a member of the Ankle Instability group. He has published several articles and book chapters in different journals and books about ankle instability, progressive collapsing foot deformity, plantar plate repair and others.

After a successful and well established career in Brazil, Dr Raduan decided to take the challenge and move his practice to the US. He took the USMLE tests, and in 2020 relocated to Minneapolis, where he did his first clinical foot and ankle fellowship at Twin Cities Orthopedics. And now, he is currently on staff at the MGH as one of the orthopaedic foot and ankle fellows.

Fernando and his wife, Fernanda, are proud parents of Mat and Maria Clara who are 7 and 9 years old. Maria Clara is a gymnast and Mat is an Ice Hockey player. The whole family loves skiing, hiking and the ocean.
