

Ordering MGH Core Clinical Labs for Research Patients

- Order Clinical Labs via Orders Only using same process as ordering research labs - but **do not** research associate
- Nursing will release under the HOV visit for White 12 and labels will print for collection
- Charges will go to the CRC Work Queue because they are related to the CRC visit
- Charges will be routed to the study and they will display on the RBR
- Study staff will move to the “Not research related” bucket which results in the charges going to insurance.
