

## Climate Change and Health Series:

### Hot Days and Bad Air: Dangerous Dance Partners

**Date:** Wednesday, May 10, 2023

**Time:** 12–1 pm (Eastern Time)

Extreme heat and air pollution are each individually responsible for a range of poor health outcomes. When heatwaves are combined with poor air quality, the negative consequences on health are intensified. Come learn more about the potential health effects of heat and air pollution, who is at risk, and some things you can do to lower your risk.

- This program is free and open to Mass General patients, families, staff, and the general public.
