

Food Allergy Management Boot Camp

Parents and caregivers of children with food allergies are invited to an interactive group session that will provide tools for best practice in protecting and promoting your child's health and well-being.

Led by Dr. Michael Pistiner, this interactive group session will help you:

- Gain food allergy management skills
- Increase confidence in avoiding food allergens
- Ease day-to-day stress of living with food allergy
- Coach others and your children on living confidently and safely

This program is free and open to Mass General patients, families, staff, and the general public.

Registration is required as space is limited. To register for this program, email the Blum Center at PFLC@partners.org. If you have any questions, email the Blum Center or call 617-724-7352.

Date: Monday, May 5, 2025

Time: 12:00 PM – 1:00 PM

Location: Blum Center, White 110

Featured Speaker: Michael Pistiner, MD, MMSc

Dr. Pistiner is the Director of Food Allergy Advocacy, Education and Prevention for Mass General for Children Food Allergy Center. He has a special interest in food allergy and anaphylaxis education and advocacy. Dr. Pistiner is a fellow in the American Academy of Pediatrics (AAP), where he is a member of the Section on Allergy and Immunology, Council on School Health and the Massachusetts Chapter of the AAP. He is also a member of the American Academy of Allergy Asthma & Immunology and the American College of Allergy, Asthma and Immunology.
