## **Chief of Radiation Oncology Opportunity: Jiahui International Cancer Center Shanghai, China**

### **Position Summary**

This role will be responsible for establishing, directing and running the Radiation Oncology clinical services at Jiahui International Cancer Center. Must be board-certified in Radiation Oncology. This position reports to the Chief Medical Officer. The candidate will:

- Work closely with the Chief Physicist to develop international standard services
- Develop clinical programs for radiation therapy and treatment and lead the development of clinical policies and procedures.
- Recruit, train, and mentor clinical professionals
- Collaborate with surgical oncology, medical oncology, and other clinical professionals to develop a multidisciplinary care model
- Assist the Executive Director of the Cancer Center in building a world-class center for Shanghai and China
- Establish and maintain a clinical practice using evidence-based radiation services

### **Jiahui Offers:**

- Competitive salary and excellent benefits, including medical insurance, and CME leave
- Relocation allowance
- A chance to be on the next frontier of healthcare, overseas
- Clinically diverse cases and patients

### **Interested Candidates**

Interested candidates should have a passion for making a change and delivering excellent patient care in China. Strong English language proficiency, spoken and written, is required; Chinese speaking is a plus. Must have excellent leadership and communication skills, and a willingness to relocate to Shanghai, China. For more information on this position, contact:
