Chief of Surgery Opportunity: Jiahui International Hospital, Shanghai, China

Position Summary

This role will be responsible for establishing, directing, and inpatient and ambulatory surgical services at Jiahui International Hospital (JIH) in Shanghai, China. The Chief of Surgery will recruit, train, and mentor surgical professionals, lead care teams to provide team-based patient care, and lead the development of evidence-based surgical practice policies. The preferred candidate should have a surgical oncology background. Experience at an accredited university medical center preferred. This candidate will:

- Work closely with the JIH Executive team and Directors of Jiahui International Cancer Center (JICC) to develop international standard services
- Recruit, train, and mentor clinical professionals
- Collaborate with clinical professional at JIH and JICC to develop a multidisciplinary care model
- Assist the Executive Director of the Cancer Center in building a world-class center for Shanghai and China
- Establish and maintain a clinical practice using evidence-based surgical services

Jiahui Offers:

- Competitive salary and excellent benefits, including medical insurance, and CME leave
- Relocation allowance
- A chance to be on the next frontier of healthcare, overseas
- Clinically diverse cases and patients

Interested Candidates

Interested candidates should have a passion for making a change and delivering excellent patient care in China. Strong English language proficiency, spoken and written, is required; Chinese speaking is a plus. Must have excellent leadership and communication skills, and a willingness to relocate to Shanghai, China. For more information on this position, contact:
