

TOGETHER WE WILL ENSURE THAT MENTAL ILLNESS
IS NEVER A BARRIER TO CANCER CARE

Connecting Care Teams

Spotlight on a Person-Centered Tumor Board for Cancer and Mental Illness

Friday, October 14th, 2022

10:00am – 12:00pm EST

Zoom Meeting Link: <https://partners.zoom.us/j/83261873119>

[Register Today!](#)

Registration encouraged but not required.

Tumor boards bring together different cancer specialists to make expert and individualized plans for a person's cancer care, however, mental health providers and the patient perspective are often not included in those conversations.

We will highlight a **new model** that seeks to **improve cancer and mental health care and increase access for patients with serious mental illness** by including psychiatry, social work, community mental health, oncology, patient navigation, and peer specialists in a virtual tumor board.

AGENDA

Presentation of Tumor Board Model
Integrated Breakout Group Discussions
Patient & Clinician Narratives

This event is free and open to all.
