

# LURIE CENTER

MASSACHUSETTS  
GENERAL HOSPITAL

MassGeneral Hospital  
for Children™

The **Massachusetts General Hospital for Children** at the **Lurie Center** is currently enrolling parents of children with autism spectrum disorder (ASD) and sleep difficulties for a research study.

This study will test different approaches to teaching families how to help children with ASD sleep better. Parents will receive online sleep education materials designed to help children with ASD improve their sleep. You will receive compensation for participating.

**Participants must be:**

Between the ages of 2 and 10 years old

Diagnosed with an autism spectrum disorder and have sleep difficulties
