

STAR KIDS' CHALLENGE

**Win
a prize!**

Pretend you're a doctor and want your patients to switch from drinking sugary drinks to drinking water. Create a poster with a catchy slogan and/or a picture to try to help them. What can *you* come up with?

Make your poster on the back of this page and mail it to us by March 1, 2013. We will select our favorite from all the entries.

The winner will pick one of these great prizes:

4 tickets to Coco-Key
Indoor Water Park
Danvers, MA

4 tickets to the Boston
Children's Museum

4 tickets for a
Boston Duck Tour

4 tickets to the New
England Aquarium

Also, what helps you drink fewer sugary drinks? Tell us your secret. We want to know! Your ideas can help other kids make this change too.

Mail your entry in the enclosed postage paid envelope to:

STAR Study
Department of Population Medicine
133 Brookline Avenue, 6th Floor
Boston, MA 02215

Have a question? Call us at (866) 874-0857.

Be creative.

Make it catchy, make it cool, make it fun.

We want to hear from you!
