

MGfC Family-Centered Care Series

The Teen Driver: Updates in the Age of Distraction

Date: Friday, April 28, 2023

Time: 12–1 pm (Eastern Time)

Motor vehicle crashes continue to be the leading cause of death and injury in adolescents. As new technology emerges, distraction has become an even more prevalent risk factor for crashes. Michael R. Flaherty, DO, attending physician with Pediatric Critical Care Medicine and director of the Injury Free Coalition for Kids at MGfC, presents evidenced-based strategies to keep teen drivers safe. He also shares emerging strategies for parents to help their new drivers.

Featured Speaker: Michael R. Flaherty, DO

Michael Flaherty, DO, is a pediatric critical care physician and injury prevention researcher at Mass General, and the Director of the Injury Free Coalition for Kids site at Mass General Boston. He is also the Program Director for the pediatric critical care fellowship at Mass General. He studies the epidemiology of many preventable injuries including motor vehicle crashes in teen drivers, with a particular interest in distracted driving.

- This program is free and open to Mass General patients, families, staff, and the general public.
