

About Kidney Disease, Transplantation, and Innovations at Mass General

Date: Tuesday, February 14, 2023
Time: 12–1 pm (Eastern Time)

In celebration of National Donor Day on February 14th, Dr. Leonardo Riella will give an introduction to kidney disease, discuss kidney transplantation as the best treatment option, and share current exciting innovations at Mass General. The format of this session encourages audience participation and engagement, so we would love for you to ask questions by submitting them before the program to: PFLC@partners.org

Featured Speaker: Leonardo Riella, MD, PhD

Dr. Riella is the Harold and Ellen Danser Endowed Chair in Transplantation and Associate Professor of Medicine at Massachusetts General Hospital, Harvard Medical School. He is the Medical Director of Kidney Transplantation and Senior Investigator at the Center of Transplantation Sciences. Dr. Riella sees kidney patients both pre- and post-transplantation. He has special expertise in challenging cases such as antibody-mediated rejection and recurrence of glomerular disease.

- This program is free and open to Mass General patients, families, staff, and the general public.
