

# Understanding Your Child's New Autism Diagnosis and Next Steps

**Date:** Monday, July 8, 2024

**Time:** 12–1 pm (Eastern Time)

Receiving a new diagnosis can be a life changing experience for caregivers. This presentation is geared toward caregivers of young children under the age of 6. It provides general education about autism spectrum disorder and an overview of the treatments and community services available to children and families.

## Featured Speaker: Susan Kessler, LICSW

Susan is a clinical social worker with extensive experience working with children with developmental delays and disabilities, and their families. She is a Family Support Clinician at the Lurie Center for Autism where she provides support, information, and resource connections for families with children under age 7 who are Lurie Center patients. She also facilitates two parent/caregiver workshops that are open to the community. She has a passion for helping children and families achieve the best quality of life possible.

- This program is free and open to Mass General patients, families, staff, and the general public.
