

Climate Change and Health Series

Considerations for Populations with Disabilities

Date: Tuesday, March 26, 2024

Time: 12–1 pm (Eastern Time)

Climate change is responsible for many adverse health consequences. For those with limitations in physical, cognitive, or psychological abilities, our changing climate requires a unique lens to provide optimal care for these populations, including promoting awareness and advocating for accessibility and inclusion.

- This program is free and open to Mass General patients, families, staff, and the general public.
