

How to Protect Yourself from Identity Thieves and Scammers

We all leave “digital footprints” and they increase in number every day.

Here is the reality: Someone is constantly trying to walk in our footprints to steal our information and use it for fraudulent reasons.

The goal of this presentation is to promote awareness, prevention, risk mitigation, response, and recovery when it comes to identity thieves and scammers.

This online program is free and open to Mass General patients, families, staff, and the general public.
