How to Complete a Massachusetts Health Care Proxy Form

What would happen if you had a sudden illness, injury, or accident that prevented you from making decisions about your medical care? You have the right to make your wishes about health care decisions known and respected, even if you can't make them yourself. Learn how to complete a Massachusetts Health Care Proxy form that allows you to choose a person you trust to speak for you if you are unable to speak for yourself.

Description of the Ethics in Clinical Practice Committee

The Patient Care Services Ethics in Clinical Practice Committee is a multidisciplinary committee. It works to develop and implement activities and programs to further clinicians' understanding of ethical aspects of patient care. The committee also serves as a resource to the Mass General community regarding the advance care planning process through education, consultation, and programmatic activities.
