Parenting at a Challenging Time: Supporting Children When a Parent Faces Cancer

This talk will offer guidance to support the emotional health and well-being of children when a parent has cancer. Dr. Paula Rauch will discuss parenting challenges from diagnosis through treatment and beyond as well as ways to facilitate communication with children of different ages. Lessons learned from the Parenting At a Challenging Time (PACT) Program in the Mass General Cancer Center will be shared, which parents facing other medical illness challenges may find helpful.

This online program is free and open to Mass General staff, patients, and the general public.
