

THE MAXWELL & ELEANOR BLUM PATIENT AND FAMILY LEARNING CENTER

Mental Health Care for Transgender and Gender Diverse Communities

Join Dr. Alex Keuroghlian for a talk on mental health care for transgender and gender diverse communities. He will discuss mental health inequities across diagnostic categories within a gender minority stress framework, propose culturally responsive tailoring of evidence-based clinical practices, and offer strategies for building inclusive, affirming, and trauma-informed care environments to optimize mental health outcomes.

This online program is free and open to MGH staff, patients, and the general public.
