

Safety at Home and in the Community for Individuals with Autism Spectrum Disorder

Date: Tuesday, September 24, 2024

Time: 12–1 pm (Eastern Time)

Challenging behaviors can lead to safety concerns for individuals with autism, their siblings and parents, and community members. This session will focus on proactive strategies to address safety at home, in the car, and in the community. We will also discuss several resources that can help to keep your loved one safe.

Featured Speaker: Nicole Simon, EdM, LABA, BCBA

Nicole is a behavior analyst with over 25 years of experience using the applied behavior analysis (ABA) framework to care for children and adults with autism spectrum disorder, related disorders, co-occurring mental health conditions, and severe challenging behaviors in home, school, residential, hospital, and community settings. Ms. Simon is practical in her approach, as well as thoughtful, compassionate, and collaborative.

- This program is free and open to Mass General patients, families, staff, and the general public.
