

*Center for the Study of Inflammatory Bowel Disease*  
*Massachusetts General Hospital*

25<sup>th</sup> Annual Symposium

Thursday – November 12, 2015  
8:00 a.m. - 12:10 p.m.

- 8:00 - 8:25           Registration and Breakfast  
Opening Remarks – Ramnik J. Xavier, M.D. - Director, CSIBD
- 8:30 - 8:50           **Mechanism of Inflammatory Enteropathy Through the Lens of RAG Deficiency**  
*Jolan Walter, M.D., Ph.D.*, Center for Immunology & Inflammatory Diseases  
Massachusetts General Hospital
- 8:55 - 9:15           **Microbiota and the Anti-Inflammatory Activity of Sialylated IgG Fc**  
*Robert Anthony, Ph.D.*, Center for Immunology & Inflammatory Diseases  
Massachusetts General Hospital
- 9:20 – 9:40           **Engineering Probiotic Bacteria to Sense, Diagnose, and Treat Inflammation**  
*Mark Mimee*, Microbiology Program  
Massachusetts Institute of Technology
- 9:45 – 10:05         **The Mammalian Stem Cell Niche in Cancer**  
*Omer Yilmaz, M.D., Ph.D.*, Koch Institute for Integrated Cancer Research  
Massachusetts Institute of Technology
- 10:10 – 10:25        Break
- 10:30 – 11:00        **Control of Mucosal Immunity by Nucleotide Sensing**  
*Hans-Christian Reinecker, M.D.*, Gastrointestinal Unit  
Massachusetts General Hospital
- 11:05 – 11:35        **Microbiome in IBD**  
*Curtis Huttenhower, Ph.D.*, Biostatistics Department  
Harvard School of Public Health
- 11:40 – 12:10        **Exomes and IBD**  
*Mark Daly, Ph.D.*, Center for Human Genetic Research  
Massachusetts General Hospital

**Simches Research Building at Charles River Plaza**  
**185 Cambridge Street, 3<sup>rd</sup> floor**

The Symposium is open to the research community at no charge.
