

MGH Youth Neurology Education and Research Program

Generously funded by the Biogen Foundation.

What is it?

A PAID, 40-hour/week summer internship!

Where is it?

Internships will be held in person at MGH unless the evolving COVID-19 pandemic prevents on site activities. In that case, internships will be held virtually. **All interns must comply with MGH's COVID-19 vaccination policy (both doses of the Moderna or Pfizer vaccine or one dose of the J&J vaccine, as well as boosters when eligible).**

Program Goals:

EQUIP you for success through paid, mentored neurology research experience.
INSPIRE you through 3x weekly didactic sessions hosted by leading neurologists, neuroscientists, and other professionals.
EMPOWER you by offering structured longitudinal support to help you meet your academic and professional goals.

Am I eligible?

We are looking for students who are:

- (1) Interested in learning more about neurology and neurology-related careers
- (2) Available to participate in a FULL-TIME, PAID internship over the summer
- (3) Rising seniors in high school or recent high school graduates/rising college freshman to join our **high school student cohort**, and undergraduate students who have completed at least 1 year of their studies by the time the program starts (including 2022 college graduates) to join our **undergraduate student cohort**
- (4) Living or studying in Massachusetts (must be residing in MA throughout the duration of the program)
- (5) Current or past participants of programs focused on supporting the academic development of students underrepresented in science or medicine
