

The MGB Orthopedic Academy Presents:

Date: October 3, 2025

Time: 7:00am – 8:00am

Location: MGB – MS Teams

(MS Teams link will be in confirmation email)

Musculoskeletal (MSK) Imaging Interprofessional Education Series: Imaging Principles of the Knee

This monthly educational offering serves to provide APPs and allied health professionals in the inpatient and ambulatory practice sites with comprehensive education designed to enhance understanding of MSK imaging techniques, accuracy/appropriateness of ordering, interpretation of findings, and how to integrate these findings into clinical practice to improve patient care and outcomes.

Featured Faculty:

Jad Hussein, MD

At the end of this activity, the team will be able to:

- Discuss radiographic imaging techniques and application in evaluating knee conditions.
- Determine which imaging technique is most appropriate for diagnosis common knee conditions: x-ray, CT or MRI.
- Develop skills to accurately order and interpret radiographic findings of the knee.

The intended audience for this educational offering: NPs, RNs, MDs, PAs

Course Director: Anne M. Fiore, DNP, APRN

Program Manager: Karen M. Myrick, DNP, APRN, FAANP, FAAN

This course awards:

1 ANCC contact hours

1 AMA PRA Category 1 Credit™

1 AAPA Category 1 CME credits

1.00 RN MD PA Credit Designation Statements
