

## *Curriculum*

Clinical: Residents provide clinical care as an MGH staff member for 36 hours per week, including:

- Two six-month rotations on the inpatient acute and outpatient services
- Minimum of 150 hours (average of 3 hours per week) of one-to-one mentoring from an experienced ABPTS certified neurologic specialist
- Consultation and co-treatment with a large group of board-certified clinical specialists (total over 60 in the PT department, 20 in neurology and in the remainder in 5 other clinical specialty areas)
- Specialty clinic observations

Didactic: The primary didactic component of the program is provided by the Neurologic PT Professional Education Consortium Curriculum, including:

- 26 evening webinars (June through December)
- Online library of pre-recorded webinars
- 5 Weekend Online Labs (September through December)
- Online Journal Club (January through May)

MGH educational, teaching, and research activities:

- Clinical and Professional Development Series
- Outpatient Neurologic Special Interest Group and/or Journal Club
- Monthly Narrative Rounds
- Interprofessional Practice Instructor training for Interprofessional Clinical Experience
- Inpatient Case Conference
- Evidenced Based Practice Activity
- Clinical presentation to either entry level health professions students, interprofessional colleagues or patients
- MGH Institute of Health Professions Teaching Assistant/Lab Instructor opportunities
- Presentation of at least one written clinical narrative to a group of PT and OT residents, interns, and students

**ANTICIPATED** amount of time needed to complete didactic and clinical components each week: 50 hours
