Wellness & Support Programs

Our support programs are designed to help patients, their families and caregivers cope with the challenges of a cancer diagnosis. Every treatment team has a dedicated social worker.

Integrative Therapies

The services below are provided by trained professionals from the Katherine A. Gallagher Integrative Therapies Program. For the most up-to-date information and schedule, view our online calendar. To make an appointment for any of the Integrative Therapy services, please call (617) 726-4178 or email gallagherprogram@partners.org.

Services

Acupuncture

Acupuncture uses fine, sterile needles applied to specific areas of the body to stimulate energy flow. It can help reduce stress and relieve symptoms and side effects related to cancer treatment such as anxiety, nausea, dry mouth and fatigue. Acupressure involves applying gentle pressure to these same points with the hands. The acupuncturist will work with you and your care team to decide if acupuncture or acupressure could be beneficial for you. You must have a referral from your oncologist or Nurse Practitioner prior to scheduling. Provided by our Licensed Acupuncturists.

- **Acupuncture Sessions** *(many outpatient clinical areas)*: Available for current patients receiving treatment. MD Referral required. Speak to your nurse or call (617) 726-4178 for more information.
- **Acupuncture Clinic** *(outpatient, fee-for-service)*: This is an outpatient, fee for service clinic. Call (617) 726-4178 to schedule a session. MD Referral required.
- **Group Acupuncture**: MD Referral required. You will be contacted by our scheduler to book your initial visit.

Music Therapy

Music therapy can help by reducing side effects like chemotherapy-related nausea and pain, stress, and anxiety. Music therapy can consist of learning/playing musical instruments, listening to music, creating customized playlists and writing songs and recording them to share with loved ones. No prior musical experience is necessary! Individual sessions take place in the clinic where you are receiving treatment. Provided by Holly Chartrand, MT-BC, hchartrand@partners.org

Art Therapy

Art therapy uses simple art activities to help people express themselves and develop a sense of well-being through the creative process. You do not have to be an artist to enjoy and take advantage of art’s powers to enhance wellness. Individual sessions take place in the clinic where you are receiving treatment. Provided by Meg Carleton, Expressive Arts Therapist, mcarleton@partners.org

Massage Therapy

Massage therapy can help to relieve stress, increase relaxation, and lead to a feeling of greater well-being. It can alleviate some of the physical symptoms and side effects of the disease and its treatment, and often relieves pain resulting from excess muscle tension. Speak with your nurse about whether massage therapy might be helpful for you. Provided by our Licensed Massage Therapists.

- **Massage Therapy Sessions** *(many outpatient clinical areas)*: Speak to your nurse or a reception desk staff member for more information or to schedule a session.
- **Massage Therapy Clinic** *(fee-for-service)*: One-hour, full body massage therapy. Call (617) 726-4178 for more information and to schedule a session.

Drop-in Sessions

Caring for Yourself

Massage helps reduce muscle tension and improve mental energy. Learn how to use self-care techniques to manage stress, anxiety and decrease muscle tension. Led by: Michelle Boutin, Licensed Massage Therapist

Gentle Yoga

Yoga can help lower tension and anxiety and enables patients to settle into a greater sense of ease and well-being. This easy form of exercise uses mild stretching and healthy breathing. Led by: Luba Zagachin, Yoga Instructor
Gentle Yoga for Patients with Breast Cancer
Gentle yoga reduces stress and fatigue in women undergoing treatment for breast cancer. This easy form of exercise is designed for breast cancer patients and uses mild stretching and healthy breathing.
Led by: Luba Zagachin, Yoga Instructor

Learn About Acupuncture
Acupuncture uses fine, sterile needles applied to specific areas of the body to stimulate energy flow. Learn about acupuncture and how it can help reduce stress and relieve symptoms, and reduce side effects of cancer treatments.
Led by: Irene Martyniuk, Licensed Acupuncturist

Music Therapy: A Creative Path to Wellness
Music therapy can help reduce stress and side effects such as chemotherapy-related nausea and pain. Music therapy is everything from learning/playing musical instruments, listening to music, creating customized playlists and writing songs and recording them to share with loved ones. No musical ability is necessary!
Led by: Adam Sankowski, Music Therapist

Qigong
Qigong is a practice of bringing together your body, breath, and mind. It is a way of meditating through slow flowing movement, deep rhythmic breathing, and calm state of mind.
Led by: Regina Gibbons, Licensed Acupuncturist/Tai Chi Instructor

Tai Chi
Tai Chi is an exercise of slow intentional movements, coordinated with breathing and imagery, to help improve balance, strength, sleep, and pain management.
Led by: Regina Gibbons, Licensed Acupuncturist/Tai Chi Instructor

Workshops & Support Groups
Services are provided by Cancer Center staff. For the most up-to-date program listings and information, view our online calendar or call (617) 724-1822.

Workshops
All are welcome. No registration is required unless otherwise noted.

Chemotherapy 101: Workshop
Learning about chemotherapy and what it entails can help ease your fears and anxiety. Before you start chemotherapy, attend our free workshop. Nurses and pharmacists will give you information about chemotherapy and possible side effects, and answer your questions. Family members and friends welcome. Ask your scheduler to register you for a class! Led by: Cancer Center nurses and pharmacists

Knitting Hour
Love to knit or want to learn how? Drop in and relax with fellow knitters. All skill levels welcome. Bring your own yarn or use ours.
Led by Katrina Scott, Oncology Chaplain

Look Good, Feel Better (call to register)
This program teaches beauty techniques to cancer patients to help them manage the appearance-related side effects of cancer treatment. Learn tips such as for caring for your skin and how to manage hair loss. Sponsored by the American Cancer Society. Pre-registration required; call (617) 726-3211.
Led by: Kathy Bazazi, Images Boutique

Moving Forward After Treatment
Explore common feelings and life challenges associated with the end of treatment. Learn what can help you cope as you transition back into everyday life. Call for more details and information.
Led by: Paula Gauthier, Oncology Social Worker, (617) 643-1784

Meditation for Relaxation
Learn the basics, including mindful breathing and visualization/guided imagery for relaxation and healing.
Led by Katrina Scott, Oncology Chaplain

Spiritual Well-Being
Spiritual well-being includes our relationship with the environment, with others, and with ourselves. Explore ways to refresh and support your inner spirit with spiritual practices such as prayer, affirmations, guided imagery, and labyrinth walking.
Led by Katrina Scott, Oncology Chaplain

Spiritual Tune-Up
Experience practical ways to refresh and support your spiritual well-being while you are in treatment.
Led by: Katrina Scott, Oncology Chaplain

Support Groups
All support groups are offered free of charge and require pre-registration, unless otherwise noted.

Brain Tumor Support Group
This support and educational group is for brain tumor patients and their loved ones.
Contact: Mary Zwirner, Oncology Social Worker, (617) 726-1061, mzwirner@partners.org

Cancer Support Group for Black Men and Women
The mission of this group is to provide a safe place for black men and women to give and receive support as they face unique challenges during and after cancer treatment.
Contact: Emily Poles, (617) 643-5970, epoles@partners.org
Lung and Esophageal Cancer Support Group
Join others in a supportive environment where you can explore important issues that matter when coping with lung and esophageal cancers. This group is for Mass General Cancer Center patients only.
Contact: Natasha Johnson, Oncology Social Worker, (617) 726-1045

Prostate Cancer Support Group
This group is intended to give information to current and former prostate cancer patients and to provide a place for them to share their experiences.
Contact: Mark Leone, Oncology Social Worker, (617) 643-6438

Sponsored Organization Support Groups
Thyroid Cancer Support Group (THyCA)
The group welcomes people at all phases of testing, treatment, and follow-up for thyroid cancer, as well as their family members and friends.
Contact: Judy Kaplan, (781) 488-3135, Boston_MA@thyca.org

Support for People with Oral, Head, and Neck Cancers (SPOHNC)
Providing information, support, and encouragement to individuals, empowering them with the knowledge necessary to go forward. Call for more information.
Contact: Valerie Goldstein, 857-282-9311, vgoldstein@partners.org

Bone Marrow Transplant Support
If you or your loved one is receiving bone marrow transplant, our staff members are available to you to talk about your concerns.
Contact: Jen D’Alotto, Oncology Social Worker, (617) 724-0596; Eric Hanson, Oncology Social Worker, (617) 643-7435

Intro to Supportive Care
Speak directly with a social worker to learn more about all that the Cancer Center offers you. Ask any questions that you might have about our wellness programs!
Contact: Paula Gauthier, Oncology Social Worker, (617) 643-1784.

Network for Patients & Families Peer Matching Program
This one-to-one peer support program matches patients and family members with volunteers who are experienced in living with cancer. This program is for patients who may be newly diagnosed, experiencing a change in treatment, moving forward when treatment ends, or living with cancer as a chronic disease.
Contact: Paula Gauthier, Oncology Social Worker, (617) 643-1784

Additional Supportive Care Services

Parenting With Cancer
Gain support and information about helping the children in your life cope with a parent's cancer. For a free one-on-one consultation with one of our child psychiatrists or child psychologists, call the Marjorie E. Korff Parenting at a Challenging Time Program (PACT).
Contact: PACT, (617) 724-7272

Spiritual Support
Support is available to persons of all faiths and to those with no religious affiliation.
Contact: Katrina Scott, Oncology Chaplain, (617) 726-4225

Young Adults With Cancer (ages 20–40)
Young adults dealing with or moving past cancer may have questions or worries, and don’t know where to turn. Our oncology social worker can help answer questions or guide young patients to the proper resources.
Contact: Jen D’Alotto, Oncology Social Worker, (617) 724-0596

Support and Education Hub
In the Support and Education Hub at the end of the Yawkey 7 hallway, you can:
• Find information about supportive care and emotional needs
• Learn more about Cancer Center resources
• Take part in an educational workshop
• Listen to and talk with others
• Rest and relax
