Dermatology Grand Rounds:
Skin Diseases in Solid Organ Transplant Recipients

Oscar Colegio, MD, PhD
Chair, Department of Dermatology and Professor of Oncology
Lawrence P. & Joan Castellani Family Endowed Chair in Dermatology
Roswell Park Comprehensive Cancer Center, Buffalo, NY

Audience: Dermatologists, Pathologists, Residents, Medical Students

Learning Objectives:
1) Identify factors among transplant recipients that increase their risk of developing skin cancers.
2) Examine the range of treatment strategies used to prevent and manage skin cancers in transplant recipients and immunosuppressed patients.
3) Determine the most likely immunosuppressant agents causing benign skin conditions that develop after transplantation.

Date: December 4, 2018
Time: Lecture: 8:00am – 9:00am
Where: Simches Research Center
185 Cambridge Street, 3rd Floor, Room 3110
Boston, MA 02114

Course Director, Stephen Ostrowski, MD, PhD Massachusetts General Hospital, Dermatology
