Mass General Hospital and Harvard School of Dental Medicine present
3rd Annual “Evidence-Based Implant Dentistry: Improving Quality and Outcomes of Your Implant Practice”

September 21 – 23, 2012
Massachusetts General Hospital
Boston, Massachusetts

Course Directors: Thomas B. Dodson, DMD, MPH
Sung-Kiang Chuang, DMD, MD, DMSc
Jenny Chang, DMD, DMSc

In this didactic course, participants will learn how to apply the principles of evidence based clinical decision-making to the management of their implant practices. Topics to be included in this 2 1/2-day course:

✓ Management of implant patients and oral bisphosphonates
✓ Review of treatment planning concepts in dental implants
✓ Restoration considerations in implant dentistry
✓ Prognostic factors associated with implant survival
✓ Aesthetics in implant dentistry
✓ Role of site preservation and dento-alveolar reconstructive techniques
✓ Biology of regenerative medicine and its application to implant dentistry

Confirmed speakers:

- Jenny Chang, DMD, DMSc, (Course Co-Director) Lecturer, Restorative Dentistry and Biomaterials Sciences; Prosthodontist and Founder of Smile Restoration of Massachusetts
- Sung-Kiang Chuang, DMD, MD, DMSc, (Course Co-Director) Assistant Professor of Oral & Maxillofacial Surgery, Harvard School of Dental Medicine; Faculty, Center for Applied Clinical Investigation, MGH
