

THE MAXWELL & ELEANOR BLUM PATIENT AND FAMILY LEARNING CENTER

October 2017 Upcoming Blum Center Events

All programs are free and open to MGH staff, patients, and the general public. Spaces are limited. No registration needed.

All programs will be held in the Blum Center, White 110.

Screening for Breast Cancer

Tuesday, October 10, 12:00PM - 1:00PM

Breast cancer screening is important because it can help detect breast cancer early, when treatment is more effective. What imaging tests are used for screening? When should women begin screening? How often should women be screened? These are all very common questions you may have. Come join Dr. Manisha Bahl to learn more about screening for breast cancer.

Understanding Lupus

Tuesday, October 17, 12:00PM - 1:00PM

Lupus is a long-term autoimmune disease where your immune system attacks healthy cells and tissues by mistake. This can damage many parts of the body. Join Dr. April Jorge for a talk on lupus. She will discuss symptoms, causes, and treatments for lupus.

Shared Decision Making: Coping with Symptoms of Depression

Thursday, October 19, 12:00PM - 1:00PM

Are you or someone you know experiencing symptoms of depression? Come join Dr. John Matthews for a presentation and short video on depression. The video includes a discussion on how patients made decisions on treatments for their depression. Dr. Matthews will answer any questions you have on depression.

Understanding Migraine Headaches and What You Can Do About Them

Thursday, October 26, 12:00PM - 1:00PM

Did you know more than 37 million people in the United States have migraines? Migraine is a common type of headache that can negatively affect a person's quality of life. Come join Jennifer Cheng, MSN, MPH, NP-BC to learn about the latest research and how you can treat and prevent migraines. This includes management through lifestyle changes, trigger avoidance, and injection therapy.
